

Korana Stipetić

Hi everyone. I work as a teacher, veterinarian, shamanic energy medicine practitioner and a dance coach. I am truly inspired by the relationships we can build with the stone, plant, and animal families, with each other, the human family, and with the Spirits of everything that surrounds us. I am deeply grateful to my teachers who showed me that everything is Sacred. Living life connected to all helped me on my healing journey and in finding my path in this life. I have learned from these connections that in community we learn, heal, grow, and show up to be of service. This is why I am dedicated to building communities that support each other in life, and in discovering and growing our own ways of being in service and cocreating the world of peace, beauty, love and ayni. I am looking forward to meeting you.

Language support: Croatian, English

A Little More About Korana ...

Hi everyone, I would like to tell you a bit about myself.

My healing and spiritual journey started when I was young, in former Jugoslavija. My greatest teachers have always been animals and nature. Among animals, in the mountains and with the Adriatic Sea, I started understanding that my family includes much more than only people. Learning from [Marko Pogacnik](#) and [Adrian Predrag Kezele](#), great teachers who shared this understanding, I expanded my energetic and spiritual knowledge and practices. My connection with animals and nature inspired me to earn the Doctor of Veterinary Medicine degree from the Faculty of Veterinary Medicine, University of Zagreb, and participate in projects that resulted in protection of animals and the environment. When I started teaching veterinary medicine, I discovered my love for sharing knowledge with others, and how much can be achieved when working in a team. In 2001, I moved to the US and started working and teaching at the College of Veterinary Medicine, Cornell University. I was lucky to be a part of such a large community filled with opportunities. I earned multiple certifications in professional programs focused on collaboration, team building, inclusion, education, personal growth, and facilitating growth of others. I have learned so much about teaching, and how together, we can create inclusive and

mindful community. I am truly grateful for these lessons that I am committed to sharing with everyone!

In the US, I became a Reiki Master and attended courses with [Barbara Ann Brennan School of Healing](#). In 2003, I started my journey with [Grandmother Wind Daughter](#), a North American Elder. I learned how to work with Grandfather Fire, the Medicine Wheel, how to offer service as a Sacred Pipe carrier and as a water pourer for the Sacred Stone Peoples Lodges. I started learning the teachings of South American Earthkeepers taught by Dr. Alberto Villoldo, [Marcela Lobos](#), and a loving team of teachers from the [Four Winds Society](#). Since then, I have attended multiple trainings with the Four Winds Society and earned Shamanic Energy Medicine and Munay-Ki Practitioner certificates.

Through my love for dance, I met Clara Nieto, professional Cuban dancer and a coach. Clara taught me how dance unites, transforms lives, and allows us to be our authentic selves. By collaborating with Clara, I can now bring the magic of dance to others and for that I am eternally grateful!

This is how I found my path in this life, through the guidance and support of so many amazing people, stone, plant, and animal families, and of the invisible forces that surround us. Earthkeepers Spirit is a result of these experiences and is a medicine that I share with love and in gratitude for all the loving teachers that helped me on my journey!

Malo Više o Korani

Korana Stipetić je šamanska iscjeliteljica, veterinarka i učiteljica plesa.

Rođena je u Zagrebu 1971 godine, gdje je započela svoje duhovno i iscjeliteljsko putovanje, među životinjama, u planinama i uz Jadransko more. Učeći od [Marka Pogačnika](#) i [Adriana Predraga Kezelea](#), proširuje svoje znanje o energetskim praksama. Duboka povezanost sa životinjama i prirodom, kao i ljubav prema dijeljenju znanja potiče ju na sticanje titule doktora veterinarske medicine na Veterinarskom Fakultetu Sveučilišta u Zagrebu. U Domovinskom ratu djeluje kao veterinarka i prevoditeljica za ECMM (European Community Monitor Mission). Rat joj također otvara srce i osnažuje odluku da postane iscjeliteljica.

2001. godine seli u Sjedinjene Američke Države da bi radila kao predavačica veterinarske medicine na Sveučilištu Cornell. Tamo također postaje Reiki majstorica, te pohađa tečajeve kod Barbare Brennan School of Healing.

2003. godine počinje njeno upoznavanje sa šamanizmom i šamanskim iscjeliteljstvom, kroz rad s bakom Kći Vjetra (Grandmother Wind Daughter). Sudjeluje aktivno u bezbrojnim šamanskim ceremonijama, te od nje uči kako raditi s Djedom Vatrom, Svetim Krugom (Medicine Wheel), kako služiti kao nositeljica Svete Lule i Izlivačica Vode za lože naroda svetog kamena (Water Purer in Sacred Stone Peoples Lodges). Također, proširuje svoje znanje na južnoamerički šamanizam čuvara Zemlje koji su podučavali dr. Alberto Villordo, Marcela Lobos i dragi tim učitelja iz Društva Četiri Vjetra (Four Winds Society), te stječe certifikate Šamanske Energetske Iscjeliteljice i Munay-Ki prenositeljice.

Kroz ljubav prema plesu upoznaje Claru Nieto, profesionalnu kubansku plesačicu. Od nje uči kako nas ples spaja, transformira živote i uči nas da budemo autentični.

Kao rezultat svih iskustava, kroz vodstvo i podršku nevjerojatnih ljudi, kamenih, biljnih i životinjskih obitelji, te nevidljivih sila koje nas okružuju, osniva 2021. godine Earthkeepers Spirit, zajednicu preko koje nudi obuku šamanskog iscjeliteljstva, ceremonije i privatne sesije. Earthkeepers Spirit je njen lijek koji dijeli s ljubavlju i u znak zahvalnosti za sve drage učitelje koji su joj pomogli na tom putu.

Nakon mnogo godina, 2024. godine osjeća poziv da se vrati kući, te sva svoja znanja, iskustva i iscjeliteljstvo donese tamo odakle je njena priča započela. Ljubav prema kamenju, biljkama, životinjama, pticama, moru dovodi ju na Cres. Tamo radi s lokalnim zajednicama ljudi, životinja, biljkaka, i kamenova, te organizira ceremonije, radionice i nudi privatne sesije.
